Full job description

Job Summary

Join our dynamic team as an Installer/Technician, where you will play a vital role in delivering high-quality installation and maintenance services for our clients. This energetic position offers the opportunity to work hands-on with cutting-edge equipment, troubleshoot technical issues, and ensure customer satisfaction through efficient and precise service. If you thrive in a fast-paced environment and enjoy solving technical challenges, this role is perfect for you! Your expertise will help us maintain our reputation for excellence and reliability in the industry.

Duties

- Install, configure, and test equipment and systems according to company standards and customer specifications

- Conduct routine maintenance, troubleshooting, and repairs on installed systems to ensure optimal performance
- Use tools such as ohmmeters (devices that measure electrical resistance) to diagnose electrical issues accurately
- Follow detailed installation procedures, safety protocols, and quality assurance guidelines during all tasks
- Communicate effectively with customers to explain system operations and address any concerns or questions
- Document all work performed, including installation details, service reports, and system configurations
- Collaborate with team members to complete projects efficiently and meet scheduled deadlines

Skills

- Proficiency in using electrical testing tools such as ohmmeters for accurate diagnostics
- Strong technical aptitude with the ability to interpret schematics, manuals, and technical instructions
- Excellent problem-solving skills to troubleshoot electrical and mechanical issues swiftly
- Ability to work independently or as part of a team in various environments and conditions
- Good physical dexterity for handling equipment, climbing ladders, or working in confined spaces
- Clear communication skills for interacting with clients and documenting work thoroughly
- Prior experience in installation or maintenance roles is preferred but not required; training will be provided

Join us to be part of a vibrant team dedicated to delivering exceptional service through technical expertise and energetic commitment. We value safety, precision, and customer satisfaction—your skills will make a real difference!

Job Types: Full-time, Fixed term contract

Contract length: 12 months

Pay: \$22.50-\$25.00 per hour

Expected hours: No less than 37.5 per week

Benefits:

- Casual dress
- Dental care
- Extended health care
